

**Hey everyone,**

A lot of people have asked us about **how to start a Genesis II Church Chapter**. We just finished a video from the Church we now have in Colombia. We want to show you how easy it is to do. If you are constantly using MMS and helping people with MMS, then you should think about starting a chapter in your house. You can watch the video from the [Dropbox link](https://www.dropbox.com/s/oubfozf1jfk1zru/How%20to%20start%20a%20Genesis%20II%20Church%20chapter.wmv) or download it to your computer. Hope it encourages all of you to do the same in your area of the world.

We are now editing a video documentary from our trip to the Arhuaco people in Colombia. We were able to **personally** see over 300 people and another 50 were treated when family members returned home. Some walked 4 hours to come to us. 3 of the ones we trained are going back Tuesday to treat another 200. Good results are already coming in! We left enough MMS to treat another 500. Look for the video in the next newsletter which is the **first** “[Genesis II Church Newsletter](#)” - (reporting on the “doings” of the Church).

Let's change the world together!
