It's a cypher. You know, code, encryption, how you hide messages within messages to not be known except by people who know the key/passcode. This is the absolute basics of spy stuff.

the jew number shit has nothing to do with cyphers. it was just a convenient way to hide a message because around that time we were memeing on here about trump being from the future and someone dropped that gematria link in the thread. so it was high exposure to /pol/acks, but pretty far out there to anyone else. it was a smart move but it's not actually a cypher because there's no cyphertext.

Madeleine Beth McCann (born 12 May 2003) disappeared on the evening of 3 May 2007 from her bed in a holiday apartment in Praia da Luz, a resort in the Algarve region of Portugal, sparking what one newspaper called "the most heavily reported missing-person case in modern history".[3] Her whereabouts remain unknown.[4]

Word is that he was leveraged by the NYPD. They said they were going to go public with Weiner's laptop if Comey didn't reopen the investigation.

Let us not yet assume that Comey's a good guy stuck between a rock and a hard place. The safer bet is simply that he's a corrupt asshat.

I still have a hard time believing he wanted to take her down. The only way I believe the blackmail angle is if Comey has been involved and scared into silence for a VERY long time all the way back in the Whitewater scandal, and they've literally kept him around as a malleable puppet they know they can control. It would explain how he got his position, despite being wholly unqualified for the position of director of the FBI, but that could also be explained by him simply being butt buddies with the other faggots in power.

Some of the names are acronyms but other aren't. It would make sense to assume that frequent flyers like Jeffery Epstein would be referenced somewhere else as Jeffery Epstein (JE) whereas others would need their full names everytime.

Unfortunately we don't have the full documents. Best to try to match them manually by going through the histories of known flyers and matching it up to this log.

An overwhelming number of these kids are not white. If some are, they're diluted bastardizations. A good number are kidnapped from abroad and are in fact shitskins remember? Even in the case of 100% white children, their parents were too pozzed and genetically inept to protect and stop their kid from being raped. This is Darwinism at its finest. So Eugenics is suddenly not national socialist enough because >muh feels about kids?

One of the first things Hillary did when she took over the scene in Haiti was to get Laura off the hook:

Child Abuse As Blackmail

Jeffrey Epstein was known, before 'Lolita Express' was actually unveiled to the public, to host parties in which he hired underage prostitutes. Ostensibly, several of his rooms had video cameras set up whenever his 'guests' would indulge. More than just child pornography, this is also a means of blackmail. Likewise, this happened to a frightening level in the chain of events that the media once called the Dutroux affair, with the serial killer/rapist himself (how else do you call a man like that?) possessing quite a few such tapes.

Regina Louf (henceforth called X1, her witness designation during the Dutroux/Nihoul investigations), also spoke of child rape being caught on camera, especially when the participant was someone important (and it seems the Belgian elite is particularly fond of visiting sick and disgusting torments on children). Michel Nihoul gloated to Der Spiegel about having 'something' on 'everyone' in the Belgian body politic. Allegedly, Marc Dutroux was on his payroll... and so was about half of the people who worked the case on him.

"Mr. Epstein was part of the original group that conceived the Clinton Global Initiative, which is described as a project 'bringing together a community of global leaders to devise and implement innovative solutions to some of the world's most pressing challenges,'" read the July 2007 letter to the U.S. Attorney's office in the Southern District of Florida. "Focuses of this initiative include poverty, climate change, global health, and religious and ethnic conflicts."

Remember the 14 words anon. Are you willing and able to replace those that have been lost? Any lost child is a loss

If a clod be washed away by the sea, Europe is the less, as well as if a promontory were, as well as if a manor of thy friend's or of thine own were: any man's death diminishes me, because I am involved in mankind, and therefore never send to know for whom the bells tolls; it tolls for thee

All of these pertain to removing impurities from within a nation so that an ethno-linguistically homogeneous people may thrive as a single, unified body. It is not to wish ill will to other peoples abroad who wish to live among their own kind.

Furthermore, the trafficking of children is an abominable impurity of unmatched magnitude that warrants the total annihilation of the perpetrators, regardless of the race of the children.

Clinton Global Initiative huh... You know I was going through the Podesta leaks again because I still feel like we haven't touched everything there, and while crossreferencing a certain Leslie Dach I came across an attachment to this email, a debrief on the 2011 annual meeting for the CGI. <https://wikileaks.org/podesta-emails/emailid/32985>

The Clinton Global Initiative is one big pool where all of the elite meet to discuss how they're going to fuck over the people. Look at the things that they put as priorities, then compare that to the funders of CGI. What the fuck does the Dow Chemical Company care about education or empowering women? or Toyota, or Ford, or Procter & Gamble? And why do they need to meet together once a year along with politicians and foreign governments to talk about it instead of just doing it? Reading the debriefs it's like the actual social problems aren't even addressed besides one pie chart. Instead more than half of the document is dedicated to describing

the marketing campaign and how they are going to influence the "media agenda" to "tell our story" about the event, like they're more concerned that goyim don't look into the initiative than the issues that they tout to solve.

>"most pressing challenges ... focuses of this initiative include poverty, climate change, global health, and religious and ethnic conflicts"

Or, you know, the wage gap. The nonexistent wage gap is clearly the most pressing issue, instead of solving world hunger. What the fuck...

>>kill all niggers and shitskins!!

>All of these pertain to removing impurities from within a nation so that an ethno-linguistically homogeneous people may thrive as a single, unified body. It is not to wish ill will to other peoples abroad who wish to live among their own kind.

>Furthermore, the trafficking of children is an abominable impurity of unmatched magnitude that warrants the total annihilation of the perpetrators, regardless of the race of the children.

Quality post. Love for one's own does not automatically imply malice toward other tribes.
